

We won't be ignoring the frog anymore.

As of January 8, we have a new service called Interlibrary Connect that simplifies our interlibrary loans. The way we send out some of our ILLs is changing, and transit slips are a big part of that. When you see a transit slip with a frog, print it, put it with the item, and **[INSERT YOUR LIBRARY PROCEDURE HERE]**. We'll fill you in with more details when you come in for your shift.
